3. In accordance with procedures established for the Base, personnel remain there during weekdays and are authorized weekend leave as operational commitments permit. The site is isolated and recreation is limited to self-organized sports.

4. The Chief of Base has recommended that a Sears and Roebuck "EOMART" Swimming Pool be installed at a cost of \$5,000 for the Base personnel. We feel that this recommendation has considerable merit, particularly in view of the limited recreational facilities now available. Each Headquarters visitor to the area has returned with a strong endorsement of a swimming pool to offset the loneliness and lack of "things to do" at this area.

5. It is therefore recommended that the construction of this pool be authorized at a cost not to exceed \$5,000. Sufficient funds in the OSA IDEALIST Budget are available for this purpose.
